Dear Parents & Carers

Welcome to the new academic year. We are all very excited to be back and we look forward to supporting your child in making progress academically, personally and socially.

Attendance to school is crucial not only to the academic progress of your child but to their mental health and well-being also. Following a disruptive year-and-a-half to the regular attendance at school, it is ever more important that your child attends school every day.

I want to reassure you that we will continue with our control measures regarding Covid-19. These include frequent handwashing, social distancing, wearing face coverings in communal areas and ensuring that classrooms are well ventilated.

We would appreciate you testing your child twice weekly using the test kits we sent home before the summer – kits are available, please contact the school reception team when you require more.

If your child tests positive for Covid-19 using one of the rapid flow tests, you are required to request a PCR test for your child to take. These can be ordered online or you can phone your GP.

If your child is feeling unwell please keep them at home, even if they do not have covid-19 symptoms or their test is negative, they may still have an illness which can be passed onto other people.

Thank you for your continued support. Should you have any questions please contact the school office in the first instance.

Yours faithfully

Mrs J Payne
Headteacher

A University of Chichester
